

Newsletter 02/2014

Dear colleagues,

On behalf of **Fertility Medical Group**, I wish you all a Merry Christmas and a healthy and happy new year.

I hope that 2015 continues with the same enthusiasm in the field of Science as that of previous years and that we only continue to progress.

See below our 2014 scientific production:

ARTICLES

- The knowledge of the increased risk of complications in multiple pregnancies does not affect the desire to transfer more than one embryo in in vitro fertilisation treatment

Edson Borges Jr., Amanda Setti, Daniela Braga, Rose Melamed, Rita Figueira, Assumpto Iaconelli Jr.

[Open Article](#)

- Pituitary suppression with GnRHa short protocol in an alternate day schedule associated with rhCG microdoses

Amanda S. Setti, Daniela P.A.F. Braga, Fernanda M. Valente, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Article](#)

- Law is good for health. a brief overview on the first conference of health of the national council of justice in brazil (update or opinion article)

Deborah Ciocci

[Open Article](#)

Human Fertility **informa**
healthcare

- Sperm morphological normality under high magnification predicts laboratory and clinical outcomes in couples undergoing ICSI

Livia Vingris, Amanda Souza Setti, Daniela Paes de Almeida Ferreira Braga, Rita de Cassia Savio Figueira, Assumpto Iaconelli Jr., Edson Borges

[Open Article](#)

- The prevalence of sperm with large nuclear vacuoles is a prognostic tool in the prediction of ICSI success

Amanda Souza Setti, Daniela Paes de Almeida Ferreira Braga, Livia Vingris, Rita de Cassia Savio Figueira, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Article](#)

- The efficiency of a donor-recipient program using infertile donors' egg cryo-banking: a Brazilian reality

Rita de Cassia Savio Figueira, Amanda Souza Setti, Daniela Paes de Almeida Ferreira Braga, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Article](#)

- The importance of the cleavage stage morphology evaluation for blastocyst transfer in patients with good prognosis

Daniela P. A. F. Braga, Amanda S. Setti, Rita C. S. Figueira & Assumpto Iaconelli Jr. Edson Borges Jr.

[Open Article](#)

- Sperm morphological abnormality under high magnification predicts embryo development, from fertilization to the blastocyst stage, in couples undergoing ICSI

Amanda Souza Setti, Daniela Paes de Almeida Ferreira Braga, Livia Vingris, Thais Serzedello, Rita de Cássia Sávio, Figueira, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Article](#)

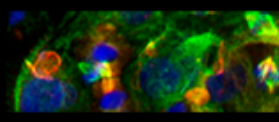

- The impact of pituitary blockage with GnRH antagonist on gonadotrophin stimulation length on the outcomes of icsi cycles in women older than 36 years

Rosane Santana, Amanda Souza Setti, Luiz Guilherme Maldonado, Fernanda Montenegro Valente, Carla Iaconelli, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Article](#)

Zygote

- The impact of the embryo quality on the risk of multiple pregnancies

Daniela Paes de Almeida Ferreira Braga, Amanda S. Setti Assumpto, Rita de Cássia S. Figueira, Assumpto Iaconelli Jr, Edson Borges Jr.

[Open Article](#)

PRESENTATIONS AT CONGRESSES

- Ignorance is bliss? the importance of the cleavage stage morphology evaluation for blastocyst transfer in good prognosis patients

Rita Figueira, Daniela Braga, Amanda S. Setti, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Poster](#)

- The knowledge of the increased risk of complications in multiple pregnancy does not affect the desire to transfer more than one embryo in ivf treatment

Assumpto Iaconelli Jr., Amanda S. Setti, Daniela Braga, Rita de Cássia Savio Figueira, Fabio Pasqualotto Edson Borges Jr.

[Open Poster](#)

- The predictive value of serum concentrations of anti-müllerian hormone for oocyte quality, fertilization and implantation

Assumpto Iaconelli Jr., Daniela Braga, Amanda S. Setti, Rita Figueira, Fabio Pasqualotto, Edson Borges Jr.

[Open Presentation](#)

- Lipid profile as a non-invasive tool to predict endometrial receptivity – a pilot study

Amanda S. Setti, Thais Serzedello, Marcos Eberlin, Elaine Cabral, Edson Lo Turco, Edson Borges Jr.

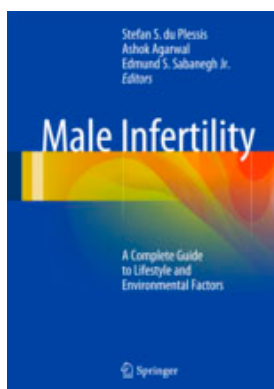

[Open Poster](#)

- The impact of food intake and social habits in the embryo quality and blastocyst formation chance

Gabriela Halpern, Daniela Braga, Amanda S. Setti, Rita Figueira, Assumpto Iaconelli Jr., Edson Borges Jr.

[Open Poster](#)

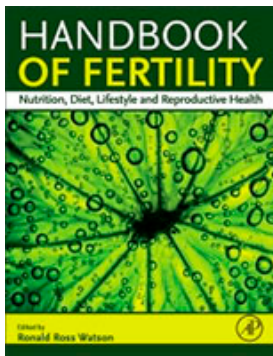

BOOKS AND BOOKS' CHAPTERS

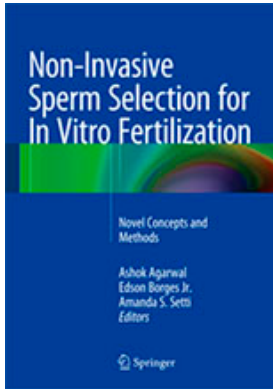

The effect of alcohol consumption on male infertility male infertility. Authors: Edson Borges Jr., Fabio F. Pasqualotto, in: A complete guide of lifestyle and environmental factors. Editors: Stefan S du Plessis, Ashok Agarwal, Edmund s.sabanegh.

Springer 2014

Enviromental factors, food intake and social habits in male patients and its relationship to intracytoplasmic sperm injection outcomes. Authors: Daniela Braga, Edson Borges Jr., in: Hand

book: nutrition, diet, lifestyle and reproductive health. Editor: Ronald Ross Watson.
Elsevier 2014

Non-Invasive Sperm Selection for In Vitro Fertilization. Editors: Ashok Agarwal, Edson Borges Jr.,
Amanda S. Setti.
Springer 2014
